26TH CONGRESS AND GENERAL ASSEMBLY OF THE INTERNATIONAL UNION OF CRYSTALLOGRAPHY

Since the first IUCr general assembly in 1948, this triennial Congress has been the premier exchange of crystallographic ideas. The 26th Congress will be held in Melbourne, Australia, in August 2023. We are very much looking forward to meeting again and giving the community a fabulous event to present results hard-won over the last years.

22-29 August 2023
